#### 50-character headline

Position your construction business for success.

#### 25-word description plus bullets

With Sage 50 Construction Accounting 2013, you get all the core accounting features you need, plus powerful and flexible tools included especially for construction-related businesses.

- Focus on key business metrics with at-a-glance dashboards
- Track progress billing, calculate labor burden, and monitor insurance expiration dates
- Automatically calculate retainage on invoices and credit memos
- Help increase job profitability with change order processing
- Create multiple budgets based on departments and cost centers
- Consolidate multiple companies for financial reporting
- Design and share construction-specific operational reports with custom reporting tools
- Reduce errors and deter fraud with screen-level security and a clear audit trail

#### 25-word description

With Sage 50 Construction Accounting 2013, you get all the core accounting features you need, plus powerful and flexible tools included especially for construction-related businesses.

#### 50-word description

You have strategic growth plans for your construction business. Sage 50 Construction Accounting 2013 is an easy-to-use solution that helps you manage your day-to-day accounting while providing tools to handle your construction-specific business management needs. Features include progress billing, labor burden calculation, subcontractor insurance tracking, and 125+ reports.

#### 100-word description

You have strategic growth plans for your construction business. With Sage 50 Construction Accounting 2013, you get the core accounting features you need, plus powerful and flexible tools included especially for construction-related businesses. Expertly manage contractors, job costs, and invoicing with features such as progress billing, labor burden calculation, subcontractor

insurance expiration tracking, and more. Plus, Sage 50 Construction Accounting now comes with Sage Business Care\*, an auto-renewing program that provides automatically delivered upgrades, access to customer support, online training, installation support, customizable reporting tools, and more. Save time and money, and get more done with Sage 50 Construction Accounting. (\*See [www.Sage50Accounting.com/disclosures](http://www.Sage50Accounting.com/disclosures) for details.)

## Target Markets

If you are the owner or manager of a growing construction business looking for a premium accounting solution to handle your complex, industry-specific business management needs, then Sage 50 Construction Accounting 2013 is for you. This comprehensive solution combines construction-specific functionality with powerful accounting and analysis tools. And with a no-risk, 60-day money-back guarantee, which promises satisfaction or refund of purchase price less any rebates paid for all first-time customers, Sage 50 Construction Accounting provides the tools you need to achieve your strategic growth objectives.

Sage 50 Construction Accounting 2013 helps you to easily handle challenging tasks such as tracking progress billing, calculating labor burden, monitoring insurance expiration dates, and managing retainage payables and receivables for those companies using an accrual based accounting method. Sage 50 Construction Accounting also enables fast start-up, check writing, invoicing, purchasing, bank reconciliation, project tracking, advanced budgeting, the ability to archive company data, custom reports, and more. Plus, Sage 50 Construction Accounting now comes with Sage Business Care\*, an auto-renewing program that provides automatically delivered upgrades, unlimited access to customer service, online training, installation support, customizable reporting tools, and more. For improved productivity, Sage 50 Construction Accounting is also available in Multi-User Editions, which allow more than one person to work in Sage 50. (\*See [www.Sage50Accounting.com/disclosures](http://www.Sage50Accounting.com/disclosures) for details.)

## Why Choose Sage 50 Construction Accounting?

Make your business life easier with Sage 50 Construction Accounting, the solution that adapts to your needs and helps you organize and manage your business. It's designed and delivered by people who understand small businesses and are ready to give you relevant advice and support when and where you need it. Sage 50 Construction Accounting 2013 is an easy-to-use solution created specifically for your industry. It also comes with Sage Business Care\*, so you get robust core accounting and industry-specific business management features along with service and support you can trust. You will save time and money, and accomplish more every day with Sage 50 Construction Accounting. (\*See [www.Sage50Accounting.com/disclosures](http://www.Sage50Accounting.com/disclosures) for details.)
