- Focus on key business metrics with at-a-glance dashboards
- Create BOMs with up to 300 components and track revisions
- Track assembly activity using work tickets
- Establish minimum stock levels with automatic reorder quantities
- Use serialized inventory to track warranty claims, recalls, and more
- Consolidate multiple companies for financial reporting
- Design and share manufacturing-specific operational reports with custom reporting tools
- Reduce errors and deter fraud with screen-level security and a clear audit trail

#### 25-word description

With Sage 50 Manufacturing Accounting 2013, you get all the core accounting features you need, plus powerful and flexible tools included especially for manufacturing-related businesses.

#### 50-word description

You have strategic growth plans for your manufacturing business. Sage 50 Manufacturing Accounting 2013 is an easy-to-use solution that helps you manage your day-to-day accounting while providing tools to handle manufacturing-specific business management needs. Features include enhanced BOM management, ability to create/track work tickets, and serialized inventory tracking.

#### 100-word description

You have strategic growth plans for your manufacturing business. With Sage 50 Manufacturing Accounting 2013, you get the core accounting features you need, plus powerful and flexible tools included especially for manufacturing-related businesses. Expertly manage your business with features such as enhanced BOM management, the ability to create/track work tickets, serialized

inventory tracking, and more. Plus, Sage 50 Manufacturing Accounting now comes with Sage Business Care\*, an auto-renewing program that provides automatically delivered upgrades, access to customer support, online training, installation support, customizable reporting tools, and more. Save time and money, and get more done with Sage 50 Manufacturing Accounting. (\*See [www.Sage50Accounting.com/disclosures](http://www.Sage50Accounting.com/disclosures) for details.)

## Target Markets

If you are the owner or manager of a growing small manufacturer or large make-to-stock manufacturing business looking for a premium accounting solution to handle your complex, industry-specific business management needs, then Sage 50 Manufacturing Accounting 2013 is for you. This comprehensive solution combines manufacturing-specific functionality with powerful accounting and analysis tools. And with a no-risk, 60-day money-back guarantee, which promises satisfaction or refund of purchase price less any rebates paid for all first-time customers, Sage 50 Manufacturing Accounting provides the tools you need to achieve your strategic growth objectives.

Sage 50 Manufacturing Accounting 2013 offers powerful industry-specific tools to help you better manage your operations. Companies with complex BOM requirements appreciate enhanced assembly management, which allows you to create BOMs with up to 300 components and track revisions. Track assembly activity using work tickets, so you can monitor progress and react quickly. Serialized inventory capabilities enable you to maintain detailed inventory records for tracking, costing, and warranty requirements. You can also buy and sell in multi-quantity units, establish minimum stock levels with automatic reorder quantities, generate manufacturing-specific operational reports, and much more. Plus, Sage 50 Manufacturing Accounting now comes with Sage Business Care\*, an auto-renewing program that provides automatically delivered upgrades, access to customer support, online training, installation support, customizable reporting tools, and more. For improved productivity, Sage 50 Manufacturing Accounting is also available in Multi-User Editions, which allow more than one person to work in Sage 50. (\*See [www.Sage50Accounting.com/disclosures](http://www.Sage50Accounting.com/disclosures) for details.)

## Why Choose Sage 50 Manufacturing Accounting?

Make your business life easier with Sage 50 Manufacturing Accounting, the solution that adapts to your needs and helps you organize and manage your business. It's designed and delivered by people who understand small businesses and are ready to give you relevant advice and support when and where you need it. Sage 50 Manufacturing Accounting 2013 is an easy-to-use solution created specifically for your industry. It also comes with Sage Business Care\*, so you get robust core accounting and industry-specific business management features along with service and support you can trust. You will save time and money, and accomplish more every day with Sage 50 Manufacturing Accounting. (\*See [www.Sage50Accounting.com/disclosures](http://www.Sage50Accounting.com/disclosures) for details.)
